2) A chance to try different dishes

3) Places to visit

4) Eco-tourism in Siberia

5) An attractive pet

6) A severe climate

А. A severe climate

There are some important facts one should know about climate in Russia. This country consists of several continental zones. For example, in the north, winters are long and harsh; in some places, there is lots of snowfall, and temperatures fall below –40 degrees Celsius. These winters are normal, not only in the northern regions of the country but even in the Far East. Summers in these areas don't even see three warm months out of the year.

В. A chance to try different dishes

Russia may not be the first to come to mind when you think of a food destination, but this country has plenty of delicious traditional dishes to offer. Visitors are often surprised at the variety and flavour of Russian cuisine, which is influenced by Russia's connection to different countries in Europe, Asia, and the Middle East. The most classic Russian recipes are made of veggies and wheat, such as soups, porridges, and stuffed dough.

С. Places to visit

The main tourist routes in Russia include visits to Moscow and St. Petersburg, resort establishments in the Krasnodar and Stavropol regions, the Kaliningrad region, the ski resorts of the Caucasus and Siberia, the Golden Ring of Russia, cruises along the Volga, cruises on an icebreaker to the national park "Russian Arctic", trips on the Trans-Siberian Railway (the Altai Mountains, Lake Baikal), and travelling to the volcanoes of Kamchatska and Primorye.

Д. Festive customs

The New Year is one of the most important holidays on the Russian calendar. New Year in Russia is a time for being together with family and friends, for gift giving, decorating the New Year tree, and watching and setting off fireworks. Midnight is, by tradition, marked by listening to the Russian Federation President's greeting and the Kremlin bells chime.

Е. An attractive pet

The Siberian Husky is a beautiful dog with a thick coat that comes in a multitude of colours and markings. Their blue or multi-coloured eyes add to the appeal of this breed, which originated in Siberia. It is easy to see why many people are enchanted by the Husky, but be aware that this athletic, intelligent dog can be independent and challenging for first-time dog owners.
